

Google Earth "Field Trip"

Our Earth is an amazing place. So many places in fact, that I want to take you there...RIGHT NOW!! Copy the Longitude and Latitudes below into the "Fly to" box and go! Write down the place you are at and the city/country that you are at. You will need to click on the picture icons to get a close up view:

Let's start off easy:	Place	City/Country
39°01'32.31" N 83°25'48.65" W	_____	_____
41°39'15.01" N 82°48'41.86" W	_____	_____

Now let's see some cool places in the United States, but don't stay too long, it is a long field trip!

36°00'59.53" N 114°44'12.96" W	_____	_____
47°37'14.18" N 122°21'00.02" W	_____	_____
41°56'28.14" N 70°37'28.77" W	_____	_____

Now that was only 3 amazing places in the USA, there are so many more. But let's move on!

17°55'30.38" S 25°51'40.30" E	_____	_____
48°51'29.41" N 2°17'39.25" E	_____	_____
29°58'45.24" N 31°08'03.13" E	_____	_____
30°19'41.48" N 35°26'30.92" E	_____	_____

Now let's travel way out! Click on the planet in the tool bar at the top of the screen. Select Mars. Go to this location. Be sure to click the picture, then click again on the picture to get in closer. (Hold your breath!)

14 34 6.37 S 175 28 31.64 E	_____	_____
